Juror's Statement:

Our workshops are designed to loosen up even the tightest painter and break the niggling detail habit. Painting loose is much more than a technique; it requires an understanding of specific design concepts in order to free one's mind. Each day, Eric will focus on one of these principles. All levels of expertise and individual style will benefit from Eric's broad depth of experience.

Registration:

Priority will be given to VWS members through April 1. Deadline to register for the workshop is April 12. Registrations will be processed in the order received. Non-members will be put on a waiting list until April 2. Openings will be filled from the waiting list at that time, for non VWS members.
